Not only is this my favorite MBTI (personality type) book, it has helped many couples who I've seen in the my practice throughout the years. I've also used it as tool, for my own marriage, and the accuracy of the two types and description of our relationship is amazing! Most couples laugh, with shock, as they read the description of their relationship...they are all amazed at how well the book describes their type and their relationship. Understanding Personality Type is a powerful tool for helping couples communicate better. Results and discoveries like these are included throughout this book to give you the kind of practical advice you've always wanted â€“ the kind that really helps you to understand yourself and your partner and to communicate in new, more effective ways. Solving communication problems will help alleviate many other important challenges that couples face, such as parenting conflicts and sexual compatibility issues.
