The Mexican War of Independence (Spanish: Guerra de Independencia de México) was an armed conflict and political process, lasting from 1808 to 1821, resulting in Mexico's independence from Spain. It was not a single, coherent event, but local and regional struggles that occurred within the same time period, and can be considered a revolutionary civil war. Independence was not an inevitable outcome, but events in Spain itself had Mexico since Independence brings together chapters from Volumes III, V, and VII of The Cambridge History to provide in a single volume and economic, social, and political history of Mexico since its independence from Spain in 1821. This, it is hoped, will be useful for both teachers and students of Latin American history and of contemporary Latin America. Each chapter is accompanied by a bibliographical essay.
